

Welcome to DiscipleshipWorkbook.com

If you'd like to learn more about what our mission is, click on the 'Welcome Video' button on our homepage.

Before you can begin you need to register. Click on the word 'Register' in the top right corner of the homepage. I promise, it's simple. We just need a name, email address and password for your security. We will never share your information with anyone. Or, if you've been here before, you can click 'log-in'. After you register or sign-in, you will arrive at your account page.

If you're buying a workbook for yourself, just choose a workbook by clicking on its cover at the bottom of the homepage. You can also buy a workbook as gift for a person or group of people God has placed in your life by clicking 'Get Started' then 'Buy as a Gift'. The person you buy the workbook for will receive a pre-written invitation from you. All they need to do is click the 'Redeem a Gift Code' button.

Also, if you're a pastor, ministry leader or if you are buying in bulk, click the link in the book's description. We have some special offers for you.

Your main hub will be the account page. You can get there by clicking 'My Account' in the top right-hand corner of any page. If you ever need to edit your account information or change your password, you can do that under your name on your account page.

Next to your purchased workbook, you'll see the 'Overview' button. Clicking here will show you your progress in the workbook. You can also see the progress of any person in a group you have been invited towards the bottom of this page. You can only see their progress, not their answers. Those are kept private.

You can also access the 'Table of Contents' on the Overview page. When you click on it, you will be able to see all of the chapters that you have unlocked. You unlock a chapter by completing the one before it.

Under that, you will find the 'Return to Last Chapter' button. This is a shortcut back to the most recent chapter you've worked on.

Next is the 'Export to PDF' button. This will, at any time, allow you to download your completed chapters as a PDF for your records or to discuss with others.

Lastly, if for any reason you need to delete the work you've created, you can click the 'Delete Data' button. Be careful! This is permanent.

You will see the option to create a group or, if you are already in a group, you will see your group's progress. Click on the 'gear' icon to invite someone to your group, to sponsor a friend, to send a message to someone in your group, or if you need to leave a group. The person who started the group can send a group message. Everyone else can write to each other individually.

This is one of my favorite features of this site. It allows you to encourage your friends or those you are discipling to keep working through the materials. If you see someone lagging behind, click on 'Send a Message' and send them an encouraging message.

God's desire for us is that we be His disciples. A big part of being a disciple of God is discipling others in these areas. All you need is someone's email to encourage him or her. This is an incredible feature in its directness and practicality. I urge you to utilize this to create a community of disciples. It has never been easier to do so.

Once you have completed a workbook, you will receive a certificate of completion. You can print this out for your records and keep it as a reminder to apply the principles you've learned.

Lastly, if you get stuck or have any questions we didn't answer, you can get a hold of us by clicking 'Contact' at the bottom of any page.

Now get started and when you're done, come back and work through another one!
